TARASAFE FLOORING

HSE compliant slip resistance

Durable KS/Group T wear rating - suitable for heavy traffic commercial use.

Easy maintenance due to permanent Sparclean surface treatment, a smooth surface treatment that eliminates dirt traps.

Maximum hygiene due to anti bacterial and fungicidal Samosol treatment.

Safety Flooring

Tarasafe Ultra / Ultra Comfort **R10** **K5** **SparClean®** **Samosol®** **HSE Compliant**

Comfort 2 m. Comfort 2 m.

- HSE compliant slip resistance
- Durable: KS/Group T wear rating - suitable for heavy traffic commercial use
- Deep inlay of carborundum granules for longlife slip resistance
- Easy maintenance due to permanent SparClean® surface treatment: a smooth surface treatment that eliminates dirt traps
- Maximum hygiene due to anti bacterial and fungicidal Samosol® treatment.
- Superb flexibility for ease of installation and coving; easily hot welded for water impervious finish.
- Comfort version for high sound insulation: VHD foam backing (16 dB)

Gerflor

Crown CLEAN EXTREME Scrubbable Matt (Water Based)

Crown Clean Extreme Scrubbable Matt provides a true matt finish with the durability and longevity that allows repetitive cleaning with the added benefit of excellent stain resistance.

- Ideal for use in high traffic areas
- Extends maintenance cycles by returning to 'as new' condition after cleaning – reducing the need for costly redecoration
- Touch dry in 2 hours. Recoatable in 4 hours.
